# Introduction

---

The mission of Maine's Office of Business Development is simple: to encourage business growth and retention in Maine. Whether it is to answer questions about licensing requirements or to put together a comprehensive site location and business resource package, our staff is prepared to help.

That is why Maine's Office of Business Development created this guide – to help business people understand the plethora of resources available. While this guide is comprehensive, business people should also be aware that additional programs, both private and public, are created periodically. Therefore, we recommend you contact your local business development specialist for up-to-date information; please refer to the contact information at the bottom of this page.

The information in this guide is provided in three major categories:

***Primary Programs*** gives specifics about the most frequently used programs, including eligibility criteria, a program summary, an example of how a business has used the program, and contact information for anyone who would like more details.

***Program Summaries*** provides charts that summarize the key components of each program in a particular category. This way all the programs in a particular category (for example “training”) can be reviewed at a glance.

***Business Services*** lists public or quasi-public organizations that offer business services to companies rather than or in addition to programs.

The ***Business Organizations*** section provides contact information for Maine's various industry and other statewide economic development organizations.

For more information about any business or economic development related topics, or if the Maine Office of Business Development can help you in any way, please contact:

DECD  
Office of Business Development

# *Pine Tree Development Zones*

---

|                              |   |
|------------------------------|---|
| <b>Eligible Businesses:</b>  | Eligible businesses include firms engaged in manufacturing, financial services, and any of the state's seven targeted technology sectors: biotechnology, aquaculture and marine technology, composite materials technology, environmental technology, advanced technologies for forestry and agriculture, information technology and precision manufacturing technology.  |
| <b>Program Summary:</b>      | Pine Tree Development Zone (PTDZ) legislation was introduced by Governor John Baldacci in early 2003 and enacted by a two-thirds majority vote of the Maine Legislature later that year. It was amended in June 2005. The initiative supports new "qualified business activity" in Maine by offering manufacturers, financial service businesses and targeted technology companies the chance to greatly reduce, or in some cases, virtually eliminate state taxes for a period of time that may be up to ten years.  |
| <b>Benefits Highlighted:</b> | <p>In addition to existing incentive programs, the State will offer to qualified new and expanding businesses:</p> <ul style="list-style-type: none"><li>• Corporate Income Tax Credit (100%, Years 1-5; 50%, Years 6-10);</li><li>• Insurance Premiums Tax Credit (100%, Years 1-5; 50%, Years 6-10);</li><li>• Employee Income Tax Reimbursement (80%, Years 1-10);</li><li>• Sales and Use Tax (100% <i>Personal</i> Property Exemption, Years 1-10);</li><li>• Sales and Use Tax (100% <i>Real</i> Property Reimbursement, Years 1-10);</li><li>• Property Tax Reimbursement (up to 100% and up to 30 years); and</li><li>• PTDZ qualified new and expanding businesses have access to reduced electricity rates.</li></ul> <p>All Pine Tree Development Zone benefits can be "layered" over other available benefits. For example, Aroostook County is home to a federally designated Rural Empowerment Zone, entitling companies to federal tax credits up to \$3,000 per employee. The federal tax credits can be taken in addition to the State tax credits for businesses located both in the Empowerment Zone and the Pine Tree Zone.</p> |
| <b>Designation of Zones:</b> | In the Fall of 2004 eight zones were designated – Aroostook County, Androscoggin Valley, Downeast, Kennebec Valley, Midcoast, Penobscot Valley, PenQuis and Southern Maine – resulting in more than 30,000 acres in over 100 municipalities available for PTDZ tax benefits. (For additional program information, including map and list of parcels, see <a href="http://www.mainebiz.org/business_assistance/pine_tree_zones.asp">http://www.mainebiz.org/business_assistance/pine_tree_zones.asp</a> )  |

# ***Business Equipment Tax Reimbursement***

---

**Eligible Businesses:** Any business that pays local property taxes on qualified business property (excluding public utilities, radio paging services, mobile communications, cable television, satellite-based direct television broadcast, multi-channel, and multi-point television distribution services, certain energy facilities, most natural gas pipelines, and property used to produce or transmit energy primarily for sale).

**Program Summary:** The Business Equipment Tax Reimbursement (BETR) program reimburses, for up to 12 years (less any number of years for which a High-Technology Investment Tax Credit was claimed), 90% of all local property taxes paid on eligible business property. The filing period for BETR is August 1 to December 31 for tax payments made in the previous calendar year, starting with eligible personal property tax payments made in calendar year 2002. Reimbursements will be issued within 90 days of receipt of properly completed claims.

Law defines the definition of eligible business property, but generally it means personal property first placed in service in Maine after April 1, 1995. Eligible property includes certain property affixed or attached to a building or other real estate if it is used to further a particular trade or business on that site and so may include property, which would be classified as real property for other purposes. Office furniture, lamps and lighting fixtures purchased after April 1, 1996 are not eligible for reimbursement and are excluded from the program. Vehicles on which excise tax has been paid are also ineligible for reimbursement. *(This credit cannot be taken in tandem with the High Technology Tax Credit.)*

**Business Example:** Cote's Cookie Company purchased a \$100,000 dough-mixing machine on July 7, 2004. When the town assessed the new machinery on April 1, 2005, they valued the property at \$95,000. Based on the town's mil rate of 15, the company paid an equipment property tax of \$1,425 on September 1, 2005 for the eligible equipment. The company then filed an application with Maine Revenue Service for reimbursement of the equipment property tax. The company received a 90% reimbursement of \$1,282.50, which it paid in equipment property tax.

# *Community Development Block Grant (CDBG) Economic Development Program*

---

**Eligible Businesses:**

Businesses that require GAP financing, which is critical to their development or expansion and will lead to the creation or retention of jobs for persons of low to moderate income.

**Program Summary:**

The Economic Development Program provides gap funding for communities to assist businesses in the creation/retention of quality jobs for low and moderate-income persons. The maximum cost per job created/retained with EDP funds is \$20,000 and \$30,000 in a Designated Pine Tree Development Zone. Program activity groups include:

**Category 1 Business Assistance Grant (BA)**

***Activity Group 1 - Non-Municipal Owned***

1. Rehabilitation of commercial or industrial buildings, structures, capital equipment and real property improvements. **Maximum grant award: \$400,000.**
2. Non-capital equipment and operating capital. **Maximum grant award: \$200,000.**

***Activity Group 2 - Municipal Owned***

1. Acquisition, relocation, demolition, clearance, construction, reconstruction, installation and rehabilitation associated with public infrastructure projects such as water and sewer facilities, flood and drainage improvements, publicly-owned commercial and industrial buildings, parking, streets, curbs, gutters, sidewalks, etc. which are necessary to create or retain jobs in the non-retail sector for low and moderate income persons. **Maximum grant award: \$400,000.**
2. Required local match necessary to secure new funds to the State for eligible economic development planning activities. **Maximum grant award: \$50,000.**

**Category 2 Development Fund Loan (DF)**

These funds are granted to the community and then loaned by the community to the business for acquisition, or installation of commercial, or industrial buildings and site improvements. All DF repayments by assisted business are made to DECD. **DF program funds cannot be used to refinance existing debt. Maximum grant award: \$250,000.**

**Contact:**

Department of Economic & Community Development  
59 State House Station  
Augusta, Maine 04333-0059  
**Phone:** 207-624-7484  
**Fax:** 207-287-8070

# ***Employment Tax Increment Financing***

---

## **Eligible Businesses:**

The company must be a for-profit (non-retail) Maine business, other than a public utility, that is able to demonstrate its expansion project will not go forward without ETIF. In addition, to be a qualified business, the company must hire a minimum of 5 net new employees within a two year period, and provide those workers with: 1) income derived from employment\* that exceeds the per capita income in the county of employment; 2) access to group health insurance; and, 3) access to an ERISA-qualified retirement program.

## **Program Summary:**

For companies expanding in any areas of Maine, ETIF is available to assist in the financing of business investment projects that create at least 5 net new, high-quality jobs. An ETIF-approved business may be reimbursed 30%, 50% or 75% of the state income tax withholdings from the net new payroll for up to ten years. In Pine Tree Development Zones, companies in the manufacturing, financial services or targeted technology sectors, are eligible for an enhanced reimbursement of 80%.

The amount of annual payment is based upon the actual number of qualified employees above the company's base level of employment. The company may not be reimbursed from ETIF for any period of time when employment, income and/or employee benefits fail to meet the minimum qualification criteria. In addition, the ETIF incentive cannot be used concurrently with the Jobs & Investment Tax Credit.

## **Program Example:**

A business is considering creating 9 full-time jobs and investing \$150,000 in a PenQuis Pine Tree Zone. The new jobs will receive \$25,000 per year in earnings and company-paid benefits. All employees will have access to group health insurance and a retirement program. The company is looking at other states, and will base its location decision upon the projected return on investment. Piscataquis County's per capita personal income for the calendar year is \$23,392. All 9 of the new employees are considered "qualified" by virtue of their income and benefits, and the company is eligible to seek reimbursement at the 80% Pine Tree Zone level.

In the example above, assuming the company: pays \$22,000 in annual earnings to each net new employee, has an average state income tax withholding rate of 4.5%, has employment levels and earnings that do not change, and maintains its "qualified business" status, the annual ETIF reimbursement would be \$7,128 [(\$22,000 X 9 employees) X 4.5% X 80%]. Total program reimbursement for the ten-year term would be \$71,280.

Any business that wants to be considered for ETIF must submit a letter, prior to any public announcement of the project expansion, demonstrating that the project will not go forward without ("but for") this financing. Once a "but for" letter is on file and a program application has been successfully submitted and reviewed, the department will issue an approval letter outlining the terms of the financing.

## **Contact:**

Department of Economic & Community Development  
59 State House Station  
Augusta, Maine 04333-0059  
**Phone:** 207-624-9822  
**Fax:** 207-287-8461

# ***Governor's Training Initiative***

---

## **Eligible Businesses:**

Private sector Maine employers who: 1) pay wages equal to 85% or more of the occupational average wage for the given labor market area, and 2) contribute 50% or more of the premium cost of employee health insurance (health insurance requirement exception: small companies with fewer than 25 employees, *and* in business less than three years are exempt).

Preference is given to applications that exhibit:

- Formation of a local project partnership
- Provision of matching funds
- Investment in lifelong learning
- Increase in local training capacity
- Provision of quality employment
- Location in a depressed labor market
- Willingness to hire targeted populations
- Provision of registered apprenticeship

## **Program Summary:**

Partial reimbursement for the cost of non-routine training that contributes to workforce expansion, and/or the retooling of current workers for new technologies, processes or markets. Services eligible for reimbursement include assessment, job task analysis, workplace literacy, high performance skills, technical training, higher education, and on-the-job training.

## **Business Example:**

An Aroostook County firm needed to retrain 20 maintenance workers for industrial/electrical skill requirements. The regional Community College developed a customized Master Electrician course specific to the company's industrial requirements. The Governor's Training Initiative (GTI) provided the company with partial reimbursement for the cost of upgrading maintenance workers to Licensed Master Electricians.

# *Maine Quality Centers*

---

**Eligible Businesses:** New or expanding firms creating a minimum of eight (8) *new* full-time jobs with benefits in the state of Maine. Consortia of businesses creating a minimum of eight new, full-time jobs are also eligible.

**Program Summary:** This program provides state-financed education and training in support of job creation, as well as customized recruitment and guaranteed fast-track training designed to employer specifications. This program is offered at *no cost* to the company or trainees, and is delivered by the state's seven community colleges. Training can be for either pre-hire or post-hire trainees.

**Business Example:** Faced with a scarcity of skilled workers to fill the growing demand, a group of seven metal manufacturers in York County formed a coalition to promote careers in metals manufacturing. By forming a partnership with York County Community College, Biddeford Regional Center of Technology and the Maine Quality Centers, customized training to meet the groups' common need of projected new positions was made available to the coalition. Applications were reviewed and a math and reading assessment was conducted, leading to a group of selected trainees. After successful completion of the 170-hour program, trainees received interviews with at least one of the seven companies participating in the coalition. When training was completed, 123 new jobs had been filled.

**Fax:** 207-767-2542  
<http://www.mccs.me.edu/business/mqc.html>

# *Maine Technology Institute*

---

## **Eligible Businesses:**

Maine Technology Institute (MTI) will provide research & development money to companies and non-profit research organizations in the State of Maine to support the commercialization of new technology-related products and services that will create and support sustainable, high-quality jobs for Maine people. Awards are made on a competitive basis and support efforts in any of the state's seven targeted technology areas: Advanced Technologies for Forestry and Agriculture, Aquaculture and Marine Technology, Biotechnology, Composite Materials Technology, Environmental Technology, Information Technology, and Precision Manufacturing Technology.

## **Program Summary:**

MTI meets its purpose through direct investments in promising technologies. All MTI programs require a 1:1 cash match, and are awarded based on scientific or technical merit, commercial feasibility, and potential for economic impact to the State. MTI offers the following awards programs:

- **Seed Grants**, awarded six times per year, are competitive grants of up to \$10,000 per project to support very early activities for product development, commercialization, or business planning and development.
- **Development Awards** are competitive awards of up to \$500,000 per project and are awarded three times a year.
- **Cluster Enhancement Awards** are competitive grants for up to \$100,000 for collaborative projects that will stimulate and support the formation and growth of technology businesses and their infrastructure. These awards are considered on an on-going basis.
- **SBIR/STTR Phase 0 Proposal Assistance Program** provides grants of up to \$5,000 per proposal, are offered on a competitive basis to foster and support competitive federal Small Business and Innovation Research (SBIR) and Small Business Technology Transfer (STTR) proposal submissions from Maine applicants. Grants are awarded on a rolling basis.

## **Program Results:**

Through 2004, MTI has approved funding for over 400 Seed Grants totaling over \$3.5 million, matched by over \$6 million in investments by the grant recipients; 90 Development Award projects have been approved for funding totaling over \$16 million and are matched by over \$20 million in commitments from the recipients; and 29 Cluster Enhancement Awards totaling approximately \$3.1 million, and matched by over \$8 million.

# ***Manufacturing Sales Tax Exemptions***

---

**Eligible Businesses:**

Any manufacturing company.

**Program Summary:**

Sales of machinery and equipment used by the purchaser **directly** and **primarily** in the production of *tangible* personal property for later sale or use is eligible for a sales tax exemption. In addition, items consumed or destroyed directly or primarily in production, and repair and replacement parts for qualified production equipment are exempt from sales tax.

Also, any manufacturer is exempt from paying 95% of the sales tax on fuel and/or electricity used in the manufacturing facility.

**Business Example:**

Giordano & Co. purchased a piece of string winding equipment for \$50,000. In addition, the company also purchased \$2,000,000 of inventory. The company is exempt from paying Maine's 5% sales tax on the machinery and inventory -- a value of \$102,500.

During the month of July, Giordano & Co. also purchased \$20,000 in electricity. The company is exempt from paying Maine's 5% sales tax on \$19,000 ( $\$20,000 \times 95\%$ ) of the electricity cost -- a \$950 value. Instead the company will only need to pay \$50 in sales tax ( $5\% \times \$1,000$ ).

# *Small Enterprise Growth Fund*

---

|                             |  |
|-----------------------------|--|
| <b>Eligible Businesses:</b> | Businesses with a distinct competitive advantage in a strong marketplace. The business must employ 50 or fewer <i>or</i> have gross sales of \$5,000,000 or less within the past 12 months. The company must be engaged or involved in at least one of the following industries: marine sciences, biotechnology, manufacturing, exporting, software development, environmental sciences, value-added natural resources and/or other enterprises that the Board determines will further the purpose and intent of the fund. |
| <b>Program Summary:</b>     | This “patient” venture capital fund provides financing for small Maine companies that demonstrate a potential for high growth and public benefit. The Small Enterprise Growth Fund (SEGF) will seek high returns on investment. The investment structure is typically convertible preferred stock. The fund may invest up to a maximum of \$500,000, which must be matched with other financing sources.   |
| <b>Process:</b>             | If an interested company meets the eligibility criteria, the Board may agree to explore the investment opportunity. The Company would then submit their business plan, along with a brief application, and then make a brief presentation to the Board. If, after this presentation, the Board decides to pursue the investment opportunity, intensive "due diligence" would commence.   |
| <b>Business Example:</b>    | A company manufactures and develops immunoassay test kits for herbicides and is seeking funding to expand product sales, increase production or develop additional products. There is a strong market for the product, the company has an excellent management team in place and the capitalization plans of the company are sound. The SEGF purchases \$400,000 of the company's Series A preferred stock, another \$400,000 of which is purchased by a third party.  |
| <b>Contact:</b>             | Small Enterprise Growth Fund<br>P.O. Box 619<br>Augusta, ME 04332-0619<br><b>Phone:</b> 207-623-3263<br><b>Fax:</b> 207-623-0095<br><a href="http://www.famemaine.com">www.famemaine.com</a>   |

# ***Tax Increment Financing***

---

## **Eligible Businesses:**

A municipality may choose to provide "financing" to **any** business that is making a significant capital investment within its borders. The source of the financing is taxes paid on new, real and personal property.

## **Program Summary:**

Tax Increment Financing (TIF) is a local financing tool that permits a municipality to use some or all of the new property taxes that result from an investment project within a designated district to assist in that project's expenses. The municipality may disburse the tax increment directly to the investing business to help pay project costs, use it to retire bonds it issues as part of the project, or retain it for allowable economic development purposes.

TIF districts may be designated for up to 30 years. Bonds may be issued for up to 20 years. The community designation of a TIF district requires proper public notice, a public hearing, and a majority vote of the municipal legislative body.

## **Program Example:**

A business plans to invest \$4,000,000 to construct a state-of-the-art manufacturing facility on land presently valued at \$200,000. The municipality's property tax mil rate is \$25 per \$1,000 of valuation, so the business will have a tax obligation of \$105,000 per year once the investment is recorded on the tax rolls. Of this tax obligation, \$100,000 is new, or "incremental," and therefore eligible to be included within a TIF development program. Two examples exist for financing this scenario:

- **Credit Enhancement Agreement.** Once a municipality votes to financially support a business under the TIF program, the business may enter into a binding contract with the community called a "credit enhancement agreement." If the municipality agrees to "capture" 50% of the increased value in the TIF district for a period of ten years and return the new tax revenues to the business mentioned above to assist in financing the new building, then the business would receive \$50,000 in the first year of the agreement. If all things remain constant, the business would receive approximately \$500,000 in financing over the term of the TIF district.
- **Municipal Bond.** Additionally, the municipality may float a bond to pay this cost. It could do so by issuing a 10-year general obligation bond in the amount of \$150,000. If annual debt service on the bond is \$20,000, the municipality could "capture" another 20% of the increased value in the TIF district for a period of ten years and pay down the debt on the TIF bond.

The remaining 30% of the new tax revenues from the increased assessed value could be deposited in the general fund for use on regular municipal expenses.

# ***Tax Credit Programs***

| <b>PROGRAM NAME</b>                                     | <b>ELIGIBILITY CRITERIA</b>  | <b>PROGRAM SUMMARY</b>  | <b>CONTACT</b>   |
|---|--|---|--|
| <b>Employer Assisted Day Care Credit</b>                | Employers that, on behalf of their employees, provide day care services through direct capital and personnel expenditures or subsidize a licensed day care center  | Income tax credit of up to \$5,000; the credit is limited to the lesser of \$5,000, 20% of the cost incurred, or \$100 for each child of an employee enrolled on a full-time basis or for each full-time equivalent throughout the tax year; carry back up to three years; carry forward up to 15 years; credit doubles if related to "Quality Childcare" approved by DHS   | Maine Revenue Services<br><a href="http://www.maine.gov/revenue">www.maine.gov/revenue</a><br>207-626-8482 |
| <b>Employer Provided Long-Term Care Benefits Credit</b> | Employers that provide long-term care policy coverage (meeting federal definition) as part of a benefits package   | Income tax credit of up to \$5,000; Credit is limited to the lesser of \$5,000, 20% of the cost incurred, or \$100 per employee covered; carry forward up to 15 years.  | Maine Revenue Services<br><a href="http://www.maine.gov/revenue">www.maine.gov/revenue</a><br>207-626-8482 |
| <b>High-Technology Investment Tax Credit</b>            | Business primarily engaged in high-tech activities; high-tech activities include the design, creation, and production of computer software, computer equipment, supporting communications components and other accessories that are directly associated with computer software equipment; it also includes the provision of Internet or advanced telecommunications services   | The credit amount is equal to the adjusted basis of eligible equipment placed in service in Maine less any lease payments received during the taxable year; the credit cannot reduce the tax liability to less than the preceding tax year's liability after the allowance of any credits, and it cannot reduce the tax liability in the current year below zero; unused portions of the credit may be carried forward five years; the credit cannot exceed \$100,000 in any one year; income must be increased by any credit base amount claimed as a business expense. <i>(This credit cannot be used in tandem with BETR.)</i> | Maine Revenue Services<br><a href="http://www.maine.gov/revenue">www.maine.gov/revenue</a><br>207-626-8482 |
| <b>Jobs and Investment Tax Credit</b>                   | Any business, other than a public utility, that invests at least \$5 million in a taxable year in qualifying types of personal property, in Maine, and creates 100 new jobs over the ensuing two-year period; jobs created between 8/1/98 and 10/1/01 must provide salaries greater than the average per capita income in the local labor market area and be covered by retirement and group health insurance programs | The credit is based on the federal credit amount, which is based on investment in qualified property. Limitations: taxpayer must create at least 100 new jobs within two years and invest at least \$5,000,000 in one year. Credit is limited to tax liability or \$500,000, whichever is less. The credit cannot be carried back, but can be carried forward up to seven years. <i>(This credit cannot be used in tandem with ETIF.)</i>   | Maine Revenue Services<br><a href="http://www.maine.gov/revenue">www.maine.gov/revenue</a><br>207-626-8482 |

## ***Tax Credit Programs con't.***

| PROGRAM NAME                                 | ELIGIBILITY CRITERIA  | PROGRAM SUMMARY   | CONTACT   |
|--|---|---|---|
| <b>Maine Seed Capital Tax Credit Program</b> | Investors who make equity investments in Maine companies and also pay state income taxes to Maine   | This program provides Maine income tax credits to investors in an amount equal to 60% of the cash equity, up to \$500,000 per investor per eligible company, provided to eligible Maine businesses  | Finance Authority of Maine (FAME)<br><br><a href="http://www.famemaine.com">www.famemaine.com</a><br>207-623-3263         |
| <b>Research Expense Tax Credit</b>           | Any business that engages in research and development activities in Maine that meets the definition in Section 41 of the Internal Revenue Code; such expenses include certain in-house and contract research expenses if they relate to discovering information that is technological in nature and intended for use in developing a new or improved business component   | The credit is based on a percentage of the federal Credit for Increasing Research Activities. Limitations: the credit is limited to 5% of the excess qualified research expenses over the previous three-year average plus 7.5% of the basic research payments in IRC §41(e)(1)(A). The credit is further limited to 100% of the first \$25,000 in tax liability plus 75% of the tax liability in excess of \$25,000. The credit cannot be carried back, but can be carried forward for up to 15 years. | Maine Revenue Services<br><br><a href="http://www.maine.gov/revenue">www.maine.gov/revenue</a><br>207-626-8482            |
| <b>New Markets Tax Credit</b>                | A business must be located in either a census tract with a poverty rate of at least 20% or a census tract with a median income that does not exceed the greater of 80% of the median income for the MSA, or 80% of the statewide median income; <b>AND</b> , must have a substantial connection to that location by the following criteria: 50% of business' income must be derived from activity in a low-income community; a substantial proportion of the business' property must be located in a low-income community; employees of the business must perform at substantial proportion of their work in the low-income community; and less than 5% of the business' assets can be held in unrelated investments. | Provides individual and corporate taxpayers the opportunity to receive a credit against income taxes by investing in qualified investment entities. Investors can earn attractive rates of return while meeting a community need, qualified businesses gain access to development funds at reasonable rates, and community development entities fulfill their mission by helping stimulate economic growth and job creation in specifically targeted lower-income communities.                          | Coastal Enterprises Inc.<br><br><a href="http://www.ceimaine.org/nmtc">www.ceimaine.org/nmtc</a><br>207-882-7552 ext. 150 |
| <b>Super R&amp;D Credit</b>                  | Businesses that qualify for the research expense credit and whose qualified research expenses conducted in Maine for the taxable year exceed 150% of the average research expenses for the three taxable years prior to September 1997  | The credit is based on qualified research payments exceeding 150% of the average for the three-year period prior to the effective date of the credit. Limitations: the credit is limited to 50% of the tax otherwise due after all other credits. Further, the credit cannot reduce tax liability below the amount due the previous year after credits. The credit cannot be carried back, but can be carried forward for up to five years.   | Maine Revenue Services<br><br><a href="http://www.maine.gov/revenue">www.maine.gov/revenue</a><br>207-626-8482            |

**Fax:** 207-621-3429

[www.womenworkandcommunity.org](http://www.womenworkandcommunity.org)

This is a statewide employment and economic development training organization whose mission is to help women succeed in the Maine economy by providing assistance in finding jobs, starting a business, building assets and becoming community leaders. MCWWC provides entrepreneurship training and technical assistance to individuals in the start-up phase of a business and comprehensive workforce development and life skills development training and support to individuals. MCWWC focuses on nontraditional and high skill, high wage employment. In partnership with the Maine Department of Transportation, MCWWC published "Women on the Job: Making it Work for You. An Employers' Guide to Finding, Hiring, and Retaining Women in Highway and Bridge Construction."

## ***Maine Small Business Development Centers***

State Office:

University of Southern Maine

96 Falmouth Street

P.O. Box 9300

Portland, ME 04104

**Phone:** 207-780-4420

**Fax:** 207-780-4810

[www.mainesbdc.org](http://www.mainesbdc.org)

The Maine Small Business Development Centers (Maine SBDC) provide comprehensive business assistance and information services to Maine's small business community through a statewide network of eight centers and eighteen satellite offices. Comprehensive business diagnosis and access to research is provided at no cost to clients through one-on-one counseling to potential and existing business owners and managers. Training seminars and conferences on business-related topics are offered at key locations around the state; minimal fees may be charged. The focus of Maine SBDC services is to strengthen Maine's economy by helping small business growth and development.

# ***Business Counseling con't.***

---

## ***Portland Resource Hub***

441 Congress Street

Portland, ME 04101

**Phone:** 207-756-8180

**Fax:** 207-756-8178

Offers a one-stop business help center to support and promote Greater Portland businesses by bringing together assistance in business counseling, workshops and seminars, and technology. In addition to the Resource Hub's state-of-the-art computer facility, this partnership gives clients access to the expert services of federal, state and local business organizations.

---

## ***Service Corps of Retired Executives (SCORE)***

68 Sewall Street, SBA

Augusta, ME 04330

**Phone:** 207-622-8509

**Fax:** 207 622-8277

[www.score.maine.org](http://www.score.maine.org)

SCORE, sponsored by the U.S. Small Business Administration, provides free, confidential business assistance to existing for profit and non-profit businesses and to those starting a new business. There are eight SCORE offices and several satellite offices located throughout the State, staffed by over 200 business counselors. SCORE also offers workshops on a number of business related topics. A minimal fee may be charged for these workshops. For a listing of the SCORE office nearest you please call our SCORE Office.

## ***Women's Business Center***

Coastal Enterprises Inc.

P.O. Box 268

Wiscasset, ME 04578

**Phone:** 207-882-7552

**Fax:** 207-882-7308

[cei@ceimaine.org](mailto:cei@ceimaine.org)

[www.ceimaine.org](http://www.ceimaine.org)

Designed to support women who own businesses or want to start a business, the Center provides general business management assistance, targeted assistance in telecommunications and help with access to credit through individual consultation, start-up training, workshops, networking, peer support, research, information and referral. The Center helps women build business skills by providing timely, accurate, tailored information in a setting that respects each woman's experience, skills and learning styles.

# *Energy Conservation*

---

## ***Maine State Energy Program***

Maine Public Utilities Commission

242 State Street

18 State House Station

Augusta, ME 04333-0018

**Phone:** 207-287-3318

**Fax:** 207-287-1039

[www.maine.gov/msep/](http://www.maine.gov/msep/)

This program provides free, on-site energy audits and low-interest loans to identify and implement measures that reduce energy costs. Audits are available to new and existing businesses; cost-effective energy improvements are suggested. A revolving low-interest loan program associated with the program provides financing for the audit recommendations.

## ***Efficiency Maine***

Maine Public Utilities Commission

242 State Street

18 State House Station

Augusta, ME 04333-0018

**Phone:** 207-287-3318

**Fax:** 207-287-1039

<http://www.energymaine.com/>

This program works with businesses to save energy and save money. The program offers information and cash incentives to all Maine businesses that install qualified energy efficient electric products.

Additional services include:

- education and training for businesses and contractors;
- information on purchasing energy efficient electric products and equipment;
- help locating participating suppliers and contractors, and the program allies that can assist with installation and maintenance of equipment; and,
- self-survey tools to help businesses identify and evaluate electricity savings opportunities.

## ***Office of Government Contracting***

Northern New England (Area 1)

U.S. Small Business Administration

68 Sewall Street

Augusta, ME 04330

**Phone:** 207-622-8379, 207-622-8380

**Fax:** 207-622-8277

[www.sba.gov/gc](http://www.sba.gov/gc)

The U.S. Small Business Administration implements and regulates programs to provide federal contracting opportunities for small business. Assistance programs include:

- **PRO-Net** - an online database listing firms interested in doing business with the federal government
- **SUB-Net** - an online listing of large business partners of the government seeking qualified small businesses for subcontracting opportunities
- **HUBZone Certification** - enables qualified firms in distressed areas to obtain opportunities in a restricted competitive field or receive sole-source contracts
- **8(a) Certification** - assisting socially and economically disadvantaged firms in obtaining federal contracts through this business development program
- **Procurement Counseling** - assistance in identifying federal markets, participating in contract set-asides, filing protests and access to federal prime contracting offices.

# *International Trade*

---

## ***Maine International Trade Center***

511 Congress Street  
Portland, ME 04101

**Phone:** 207-541-7400

**Fax:** 207-541-7420

[www.mitc.com](http://www.mitc.com)

One Cumberland Place – Suite 300  
Bangor, ME 04401

**Phone:** 207-990-3161

**Fax:** 207-942-3548

95 Park St., Suite 411  
Lewiston, ME 04240

**Phone:** 207-753-0574

**Fax:** 207-782-6905

Businesses or organizations either currently involved in international trade or desiring to enter international trade in the future are eligible for services.

The mission of the Maine International Trade Center (MITC) is to expand Maine's economy through increased international trade in goods and services and related activities. MITC program efforts to meet that mission include:

- Trade Missions
- Various types of training programs in international trade
- Intermittent conferences throughout the year including a major Trade Day event
- Monthly publications including a President letter and organization newsletter
- Special member-only programs throughout the year
- One-on-one individual counseling and technical service assistance
- Comprehensive International Library
- International Trade Data Network access
- Member-only access to for-free Trade Data Banks and Online Trade Lead Services

---

## ***U.S. Department of Commerce***

International Trade Administration  
District Export Assistance Center  
511 Congress Street  
Portland, ME 04101

**Phone:** 207-541-7400 ext. 3115

**Fax:** 207-541-7420

This organization provides information and professional export counseling to business people, including counseling on the steps involved in exporting, assessing the export potential of their products, target markets, and locations to check out as potential overseas partners. Specifically, the office offers the following:

- International trade opportunities abroad
- Foreign markets for U.S. products and services
- Services to locate and evaluate overseas buyers and representatives
- Financial aid to exporters
- International trade exhibitions
- Export documentation requirements
- Foreign economic statistics
- Export seminars and conferences

# *Manufacturing Assistance*

---

## ***Department of Industrial Cooperation***

University of Maine

5717 Corbett Hall, Room 430

Orono, ME 04469

**Phone:** 207-581-2200

**Fax:** 207-581-1479

[www.umaine.edu/dic](http://www.umaine.edu/dic)

The Department of Industrial Cooperation acts as the liaison between business and industry and the University of Maine, making skills, equipment and facilities of the University available. Specifically, the Department offers problem solving in physical testing and pilot plant trials, product development and process optimization, automation and robotics, numerical modeling, and literature searches.

---

## ***Maine Manufacturing Extension Partnership (Maine MEP)***

[www.mainemep.org](http://www.mainemep.org)

Maine MEP staff assists businesses with problems such as determining how to help employees work more efficiently, how to automate the business, and whether or not to computerize the office or shop floor. On a fee-for-service basis the Maine MEP offers specialized assistance in the following areas:

- Plant layout
- Process improvements
- ISO 9000 / 14000
- Machinery automation / specification
- Computerization & manufacturing software
- Health & safety issues
- Environmental issues
- Marketing & business development
- Business planning
- Product development
- Technology transfer
- Supply chain management
- Energy audits

# *Marketing Consumer Products*

---

## ***Department of Agriculture, Food and Rural Resources***

Division of Market and Production Development

28 State House Station

Augusta, ME 04333-0028

**Phone:** 207-287-3491

**Fax:** 207-287-5576

[www.getrealmaine.com](http://www.getrealmaine.com)

The Department of Agriculture helps promote the sale of Maine food and farm products domestically and internationally to increase awareness of quality Maine products in the marketplace and to increase the profitability of Maine producers. The Development Division maintains data on producers and product availability, and using this information, publishes, promotes and distributes brochures, source lists and directories, as well as a web site for wholesale and retail buyers. The Division also provides matching promotion grants (see "Other State Programs"), technical and marketing planning assistance (see "Training") to producers.

---

## ***Department of Marine Resources***

Division of Marketing & Industry Development

21 State House Station

Augusta, ME 04333-0021

**Phone:** 207-624-6556

[www.maine.gov/dmr](http://www.maine.gov/dmr)

[www.maine seafood.org](http://www.maine seafood.org)

The division provides in-depth support to Maine's seafood industry. The division represents the seafood sector at the state level on development issues including taxation, waterfront access and waterfront development. Help is given to individual seafood companies including guidance on regulatory issues and locating grants and loan funds for seafood industry projects. The division also operates a wholesale marketing program that includes exhibiting at major seafood trade shows and maintaining a directory of Maine seafood companies on the web at

[www.maine seafood.org](http://www.maine seafood.org).

---

## ***Maine Products Marketing Program***

Department of Economic & Community Development

59 State House Station

Augusta, ME 04333-0059

**Phone:** 207-624-9804

**Fax:** 207-287-5701

[www.mainemade.com](http://www.mainemade.com)

This program promotes Maine made products with a variety of marketing activities, including issuance of "Maine Made - America's Best" hang tags and labels, kiosk display opportunities, a free company profile page on the web site, and production of the New England Products Trade Show. There is no fee to apply to the program, but modest fees accompany some program features.

# ***Tax Consultation***

---

***Maine Revenue Services***

24 State House Station

Augusta, ME 04333-0024

***Phone:*** 207-287-6965

[www.maine.gov/revenue/](http://www.maine.gov/revenue/)

New business registrants can meet with a Maine Revenue Services agent at no charge to review the various tax publications needed for their type of business. In addition, staff can answer questions regarding tax record keeping procedures.

The Sales Tax Division also offers symposiums across the state to keep business owners informed about tax administration policies. The Income/Estate Tax and Sales Tax Divisions organize the Maine Tax Forum program to share the expertise of tax professionals with the business community.

**Phone:** 207-866-6500  
**Fax:** 207-866-6501  
[www.targetincubator.com](http://www.targetincubator.com)

There are seven technology centers. Each center has a primary technology focus and offers low cost space, shared office equipment, meeting spaces, training programs, and coaching/mentoring services. Facilities also include shared reception and telephone services, videoconferencing capacity, and electronic communication capacity.

All centers provide critical early-stage business, technical, administrative, and financial resources and training for participating firms through statewide agreements with business and technical service providers. Some centers may also offer non-resident programs.

Firms must apply directly to one of the seven participating centers to be considered for tenancy. Firms typically stay at a center for two to three years then relocate to other space in order to accommodate their growth.

Please see the web site for more information. MerchantBanc invests in the range of \$500,000 to \$5 million.

---

## ***North Atlantic Capital Corporation***

2 City Center, 5<sup>th</sup> Floor  
Portland, ME 04101  
**Phone:** 207-772-4470  
**Fax:** 207-772-3257  
[www.northatlanticcapital.com](http://www.northatlanticcapital.com)

North Atlantic Capital Corporation invests in established companies in non-consumer markets seeking growth through internal expansion or acquisitions. Of particular appeal are companies serving specialized niche markets that can support strong profit margins and those with business strategies that include acquisitions or industry consolidations. Investment size ranges from \$2 million to \$5 million.

# *Waste Reduction & Regulation*

---

## ***Office of Innovation and Assistance***

Department of Environmental Protection

17 State House Station

Augusta, ME 04333-0017

**Phone:** 207-287-4152

**Fax:** 207-287-2814

[www.maine.gov/dep](http://www.maine.gov/dep)

Any business interested in evaluating or changing its processes to reduce or eliminate environmental impacts is eligible for this service.

What processes, practices and products can a business use to reduce or eliminate pollution and save money? Using a wealth of technical expertise and international information networking, the Office of Innovation and Assistance can help answer that question. It provides on-site technical pollution prevention assistance; manages innovative programs like *Performance Track 2* and *Environmental Leadership*; conducts literature searches and financial analysis of pollution prevention projects; and assists in technology transfer.

---

## ***Small Business Technical Assistance Program***

Department of Environmental Protection

17 State House Station

Augusta, ME 04333-0017

**Phone:** 1-800-789-9802, or 207-287-8550

**Fax:** 207-287-2814

[www.maine.gov/dep](http://www.maine.gov/dep)

Any business with fewer than 100 employees can call on the Small Business Technical Assistance Program (SBTAP) to help them comply with existing environmental regulations. SBTAP provides education, on-site assistance, and pollution prevention techniques, as well as advises businesses on ways to reduce waste. SBTAP also administers the Small Business Compliance Incentive Policy, which provides enforcement relief for small businesses requesting assistance from the Department.

# ***Waste Reduction & Regulation con't.***

---

## ***Smart Production***

Department of Environmental Protection

Office of the Commissioner

17 State House Station

Augusta, ME 04333-0017

**Phone:** 207-287-7828

**Fax:** 207-287-2814

[www.maine.gov/dep/oc/smartprod/index.htm](http://www.maine.gov/dep/oc/smartprod/index.htm)

The Department of Environmental Protection (DEP) has a new initiative known as Smart Production. What differentiates Smart Production from "end-of-the-pipe" environmental protection? Smart Production seeks to reduce the environmental impact of the entire production process. Rather than treat wastewater for example, Smart Production looks to eliminate its creation in the first place. This type of systems approach requires a holistic understanding of the pattern of interrelationships among key components of the production process with the goals of: mimicking natural processes by using renewable materials and energy inputs, and eliminating the use of toxic and non-renewable materials; producing products that can be recycled and that have low life-cycle environmental impacts; eliminating discharges of pollutants to air, water and land; and enhancing a business's long-term economic viability.

---

## ***STEP-UP Program***

Department of Environmental Protection

Office of the Commissioner

17 State House Station

Augusta, ME 04333-0017

**Phone:** 207-287-7828

**Fax:** 207-287-2814

[www.maine.gov/dep/oc/stepup/index.htm](http://www.maine.gov/dep/oc/stepup/index.htm)

This program offers recognition and other incentives to businesses interested in implementing sustainable practices. The DEP recognizes that business needs and environmental objectives differ for each company. The DEP will work with a business to negotiate an agreement that describes a unique relationship that will facilitate environmental sustainability. Potential benefits (may be unique to each company) to a business include:

- Alternative record keeping requirements
- Compliance assistance
- Electronic reporting capability
- EMS/ISO technical assistance
- Energy auditing
- Mentoring assistance
- Penalty forbearance
- Performance auditing training
- Designated DEP point of contact
- Smart production technical assistance
- Recognition

# ***Workforce Recruitment***

---

## ***Maine CareerCenters***

**Phone:** 1-800-457-8883

[www.mainecareercenter.com](http://www.mainecareercenter.com)

Provides employers with a clearinghouse to match qualified employees with job openings. Services are available statewide through one-stop Career Centers that offer comprehensive employment services within a community. Recruitment services include advertising job openings, searching for job seekers, listing job openings on national job bank, screening job applicants, measuring applicant aptitudes, administering employer-required testing, employer use of private interview rooms, assistance with Equal Opportunity, Affirmative Action and Americans with Disabilities Act compliance. Informational services include access to labor laws, labor market information, labor force availability, occupational licensing, OSHA regulations, and ADA compliance.

[www.womenworkandcommunity.org](http://www.womenworkandcommunity.org)

This is a statewide employment and economic development training organization whose mission is to help women succeed in the Maine economy by providing assistance in finding jobs, starting a business, building assets and becoming community leaders. MCWWC provides entrepreneurship training and technical assistance to individuals in the start-up phase of a business and comprehensive workforce development and life skills development training and support to individuals. MCWWC focuses on nontraditional and high skill, high wage employment. In partnership with the Maine Department of Transportation, MCWWC published "Women on the Job: Making it Work for You. An Employers' Guide to Finding, Hiring, and Retaining Women in Highway and Bridge Construction."
